It is acting on Obligation, Permission and Prohibition.
ContractualLicense	The right referred to in paragraph 1 may be transferred, assigned or granted under contractual license.	96/9/EC 7.3	A license which has attributes of a contract and is applied in case of transferring, assigning or granting sui generis database rights. It is equal to judo:Contractual_Agreement.
CopyOfDB	The performance by the lawful user of a database or of a copy thereof of any of the acts listed in Article 5 which is necessary for the purposes of access to the contents of the databases and normal use of the contents by the lawful user shall not require the authorization of the author of the database. (...)any form of distribution to the public of the database or of copies thereof. The first sale in the Community of a copy of the database by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community; (...)The first sale of a copy of a database within the Community by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community;	96/9/EC 6.1 96/9/EC 5(c) 96/9/EC 7.2(b)	A duplicate or reproduction of whole original database; a duplicate of whole database; one type of expression of whole database. Performed by Lawful user.
Copyright	Copyright (or author's right) is a legal term used to describe the rights that creators have over their literary and artistic works. Works covered by copyright range from books, music, paintings, sculpture, and films, to computer programs, databases, advertisements, maps, and technical drawings.	WIPO	The legal right, defined by Copyright Law, granted to an author or other right-holder to exclusive publication, production, sale, distribution of Original Work/database and distribution of Derivative Work/database. It applies to Creative Work. It grants Restriction on Original Work. It is implemented by First Sale Rule.
CopyrightLaw	Law which regulates copyright	<none>	It is a Law, which regulates copyright
CopyrightNotice	If You Share the Licensed Material (including in modified form), You must retain the following if it is supplied by the Licensor with the Licensed Material: a copyright notice.	CC BY-SA 4.0 3.a.1.A.ii.	A class which represents copyright notice.
CrestsOfPSO	This licence does not cover: departmental or public sector organisation logos, crests and the Royal Arms except where they form an integral part of a document or dataset.	UK OGL v.3	The class represents crests of Public Sector Organisation.
CulturalEstablishments	This Directive shall not apply to: documents held by cultural establishments other than libraries,	2013/ 37/EU (1)(a)(v).	The class represents public sector institution which belongs to cultural

	museums and archives.		establishments. It has exception on archives, museums and libraries.
CurrentModification	If You Share the Licensed Material (including in modified form), You must indicate if You modified the Licensed Material and retain an indication of any previous modifications.	CC BY-Sa 4.0 3.a.1.B.	The class represents a current modification of Original Work/database.
DatabaseEU	'Database' shall mean a collection of independent works, data or other materials arranged in a systematic or methodical way and individually accessible by electronic or other means in any form	96/9/EC 1.2	The class represents database protected by EU Database Directive.
DeonticRules	Deontic rules are rules which are concerned with obligation, permission, and related concepts.	<none>	The class represents deontic rules. Deontic rules has held by Third Party and set by Bearer. It is implemented by Prohibition, Permission and Obligation.
DerivativeWork	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: (...) translation, adaptation, arrangement and any other alteration	96/9/EC 5.1(b)	A class represents Derivative Work. It is disjoint with Original Work. It is a result of Alteration (translation, adaptation, arrangement and any other alteration).
Display	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: any reproduction, distribution, communication, display or performance to the public of the results of the acts referred to in (b).	96/9/EC 5.1(e)	The act of displaying to the public (of database or part of it). Acts on Derivative Work/Database and Original Work/Database.
Distribution	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: any reproduction, distribution, communication, display or performance to the public of the results of the acts referred to in (b).	96/9/EC 5.1(e)	An act or process of transmission of database or copy of database (Also an act of making available database to the public). Acts on Derivative Work/Copy of Database and Original Work/Copy of Database.
EconomicRights	Where collective works are recognized by the legislation of a Member State, the economic rights shall be owned by the person holding the copyright. Independently of the author's economic rights, and even after the transfer of the said rights, the author shall have the right to claim authorship of the work and to object to any distortion, mutilation or other modification of, or other derogatory action in relation to, the said work, which would be prejudicial to his honor or reputation.	96/9/EC 4.2 Berne Convention 6bis1	Rights which are part of copyrights and which can be transferred or withdrew. It's withdraw by Authorisation, assigned by Assignment, trasfered by Transfer, granted by Grant.
EducationalAndResearchEstablishments	This Directive shall not apply to: (e) documents held by educational and research establishments, including organisations established for the transfer of research results, schools and universities, except university libraries and;	2013/ 37/EU (1)(a)(iv).	The class represents public sector institution which belongs to educational and research establishments (e.g. schools, universities). It has exception on univeristy libraries.

EducationalPurpose	<p>Member States shall have the option of 96/9/EC 6.2 providing for limitations on the rights set out in Article 5 in the following cases:</p> <p>where there is use for the sole purpose of illustration for teaching or scientific research, as long as the source is indicated and to the extent justified by the non-commercial purpose to be achieved</p> <p>Member States may stipulate that lawful users of a database which is made available to the public in whatever manner may, without the authorization of its maker, extract or re-utilize a substantial part of its contents:</p> <p>in the case of extraction for the purposes of illustration for teaching or scientific research, as long as the source is indicated and to the extent justified by the non-commercial purpose to be achieved;</p>	96/9/EC 9.1(b)	<p>A limitation of copyright (economic rights) and/or sui generis rights for the sole non-commercial purpose of illustration for teaching or scientific research.</p> <p>It grants Lawful Access and used by Lawful User.</p>
Effective_Technological_Measures	<p>Effective Technological Measures means those measures that, in the absence of proper authority, may not be circumvented under laws fulfilling obligations under Article 11 of the WIPO Copyright Treaty adopted on December 20, 1996, and/or similar international agreements.</p> <p>Contracting Parties shall provide adequate legal protection and effective legal remedies against the circumvention of effective technological measures that are used by authors in connection with the exercise of their rights under this Treaty or the Berne Convention and that restrict acts, in respect of their works, which are not authorized by the authors concerned or permitted by law.</p>	CC BY-SA 4.0 1.e.; WIPO Copyright Treaty 11	<p>This class represents effective technological measures applied in copyright protection.</p> <p>It protects Copyright.</p>
ExceptionOfCopyright	<p>Exceptions to restricted acts</p> <p>1 . The performance by the lawful user of a database or of a copy thereof of any of the acts listed in Article 5 which is necessary for the purposes of access to the contents of the databases and normal use of the contents by the lawful user shall not require the authorization of the author of the database. Where the lawful user is authorized to use only part of the database, this provision shall apply only to that part.</p> <p>2. Member States shall have the option of providing for limitations on the rights set out in Article 5 in the following cases:</p> <p>(a) in the case of reproduction for private purposes of a non-electronic database;</p> <p>(b) where there is use for the sole purpose of illustration for teaching or scientific research, as long as the source is indicated and to the extent</p>	96/9/EC 6	<p>This class is used to express exceptions of copyright.</p> <p>Applies to Copyright and Permissions.</p>

	<p>justified by the non-commercial purpose to be achieved;</p> <p>(c) where there is use for the purposes of public security or for the purposes of an administrative or judicial procedure;</p> <p>(d) where other exceptions to copyright which are traditionally authorized under national law are involved, without prejudice to points (a), (b) and (c).</p> <p>3 . In accordance with the Berne Convention for the protection of Literary and Artistic Works, this Article may not be interpreted in such a way as to allow its application to be used in a manner which unreasonably prejudices the rightholder's legitimate interests or conflicts with normal exploitation of the database.</p>		
ExceptionOfInsigniaReuse	<p>This licence does not cover: departmental or public sector organisation logos, crests and the Royal Arms except where they form an integral part of a document or dataset.</p>	UK OGL v3	<p>Exceptions applied to rules of insignia reuse. It allows use of insignia when it is an integral part of document or dataset. It applies to Integral Part of Dataset and Integral Part of Document.</p>
ExceptionOfPSIReuse	<p>This Directive shall not apply to:</p> <p>(a) documents the supply of which is an activity falling outside the scope of the public task of the public sector bodies concerned as defined by law or by other binding rules in the Member State, or in the absence of such rules, as defined in line with common administrative practice in the Member State in question, provided that the scope of the public tasks is transparent and subject to review;</p> <p>(b) documents for which third parties hold intellectual property rights;</p> <p>(c) documents which are excluded from access by virtue of the access regimes in the Member States, including on the grounds of:</p> <ul style="list-style-type: none"> — the protection of national security (i.e. State security), defence, or public security, — statistical confidentiality, — commercial confidentiality (e.g. business, professional or company secrets); <p>(ca) documents access to which is restricted by virtue of the access regimes in the Member States, including cases whereby citizens or companies have to prove a particular interest to obtain access to documents;</p> <p>(cb) parts of documents containing only logos, crests and insignia;</p> <p>(cc) documents access to which is excluded or restricted by virtue of the access regimes on the grounds of protection of personal data, and parts of documents accessible by virtue of those regimes which contain personal</p>	<p>2003/98/EC 1.2</p> <p>2013/ 37/EU 1.a.</p>	<p>The class represents exceptions applied to reuse of Public sector information.</p> <p>It applies to Insignia Reuse, Non-public Task Documents, Excluded from Access Documents , Unlawful Access, Personal Data, Educational and Research Establishments, Cultural Establishments, PublicServiceBroadcastingData, Third Party rights and Other Intellectual Property.</p> <p>It is implemented by conditions of PSI reuse.</p>

	<p>data the re-use of which has been defined by law as being incompatible with the law concerning the protection of individuals with regard to the processing of personal data;</p> <p>(d) documents held by public service broadcasters and their subsidiaries, and by other bodies or their subsidiaries for the fulfilment of a public service broadcasting remit;</p> <p>(e) documents held by educational and research establishments, including organisations established for the transfer of research results, schools and universities, except university libraries and;</p> <p>(f) documents held by cultural establishments other than libraries, museums and archives.</p>		
ExceptionOfSGR	<p>Member States may stipulate that lawful users of a database which is made available to the public in whatever manner may, without the authorization of its maker, extract or re-utilize a substantial part of its contents (...)</p>	96/9/EC 9	<p>The class represents exceptions of published database applied to Sui Generis Database Right.</p> <p>It applies to Permission and Sui Generis Database Right.</p>
ExcludedFromAccessDocuments	<p>This Directive shall not apply to:</p> <p>documents which are excluded from access by virtue of the access regimes in the Member States, including on the grounds of:</p> <ul style="list-style-type: none"> — the protection of national security (i.e. State security), defence, or public security, — statistical confidentiality, — commercial confidentiality (e.g. business, professional or company secrets); <p>(ca) documents access to which is restricted by virtue of the access regimes in the Member States, including cases whereby citizens or companies have to prove a particular interest to obtain access to documents;</p> <p>(cb) parts of documents containing only logos, crests and insignia;</p> <p>(cc) documents access to which is excluded or restricted by virtue of the access regimes on the grounds of protection of personal data, and parts of documents accessible by virtue of those regimes which contain personal data the re-use of which has been defined by law as being incompatible with the law concerning the protection of individuals with regard to the processing of personal data;</p>	2013/ 37/EU (1)(a)(ii-iii)	<p>The class represents public sector documents, which are excluded from public access.</p> <p>It is excluded from access because of these reasons: Protection of National Security, Statistical Confidentiality, Commercial Confidentiality, Specific Access, InsigniaPartOfDocument, Personal Data.</p>
ExclusiveRightOfResults	<p>In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: any reproduction, distribution, communication, display or performance to the public of the results of the acts referred to in (b).</p>	96/9/EC 5.1(e)	<p>Is a right applied only to translated, adapted, arranged or any other kind altered results of OriginalWork/Database. It grants Restriction on Derivative Work. It holds Permission on Derivative</p>

			Work. It is implemented by 14lod:NoDerivative. It applies to Derivative Work, Translation, Adaptation, Arrangement, Any Other Alteration and Alteration.
Extraction	'Extraction' shall mean the permanent or temporary transfer of all or a substantial part of the contents of a database to another medium by any means or in any form	96/9/EC 7.2	The action or process of retrieving all or substantial part of the contents out of database and transferring it permanent or temporary to another medium. It applies to Whole DB and Substantial Part DB.
FirstSaleRule	The first sale in the Community of a copy of the database by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community. 'Re-utilization' shall mean any form of making available to the public all or a substantial part of the contents of a database by the distribution of copies, by renting, by on-line or other forms of transmission. The first sale of a copy of a database within the Community by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community;	96/9/EC 5.1(c), 7.2(b)	Special rule applied to the first sale of a copy of the database by the right holder or with his consent. It is performed by Right holder of SGR and/or Right holder of Copyrights. It affects Limitation of Distribution (DB). It applies to Copy of DB.
FreeArtLicense1.3	The class of FreeArtLicense1.3 https://raw.githubusercontent.com/Zero-K-RTS/Zero-K/master/freeartlicense1.3.txt . Free Art License: The Free Art license 1.3 was declared a "BY-SA- Compatible License" for version 4.0 on 21 October 2014.	https://creativecommons.org/licenses/by-sa/4.0/ re-your-work/licensing-considerations/compatible-licenses/	The class represents FreeArtLicense1.3. It has attribute Approved by Creative Commons.
GPLv3	The class of GPLv3 license https://www.gnu.org/licenses/gpl-3.0.txt . GPLv3: The GNU General Public License version 3 was declared a "BY-SA- Compatible License" for version 4.0 on 8 October 2015. Note that compatibility with the GPLv3 is one-way only, which means you may license your contributions to adaptations of BY-SA 4.0 materials under GPLv3, but you may not license your contributions to adaptations of GPLv3 projects under BY-SA 4.0.	https://creativecommons.org/licenses/by-sa/4.0/ re-your-work/licensing-considerations/compatible-licenses/	The class represents GPLv3 license. It has attribute Approved by Creative Commons.
GeneralRequirements	General requirements of PSI reuse are those requirements which are applied in whole country level.	<none>	Requirements which has jurisdiction of whole country. It applies to Public Sector Information. It grants Special Requirements and Open Domain OGD. Is implemented by License, TermsOfUse and LegalNotice.
Grant	The right referred to in paragraph 1 may be transferred, assigned or granted under contractual license.	96/9/EC 7.3	Action or process of granting sui generis database rights. It deactivates Restriction of SGR and applies to Third Party.
GroupOfNaturalPersons	The author of a database shall be the	96/9/EC 4.1	More than one natural person.

	natural person or group of natural persons who created the base or, where the legislation of the Member States so permits, the legal person designated as the rightholder by that legislation		It holds copyright. It is equal to Author of DB.
ID	This licence does not cover: identity documents such as the British Passport.	UK OGL v.3.0	The class represents Information of Identity Document, e.g. British Passport
IPRights	Intellectual property (IP) refers to creations of the mind, such as inventions; literary and artistic works; designs; and symbols, names and images used in commerce.	WIPO	The class represents Intellectual Property rights. It applies to Other Intellectual Property.

IdicationOfLicensedMaterialLicense	(...)indicate the Licensed Material is licensed under this Public License, and include the text of, or the URI or hyperlink to, this Public License.	CC BY-SA 4.0 3.a.1.C	The class represents attribution requirement of identification of Original Work/Database License. It provides Text of License or URI of License.
IdentificationOfModification	Indicate if You modified the Licensed Material and retain an indication of any previous modifications.	CC BY-SA 4.0 3.a.1.B	The class represents attribution requirement of identification of modification. It indicates Previous Modifications and/or Current Modification.
InsigniaPartOfDocument	This Directive shall not apply to: (cb) parts of documents containing only logos, crests and insignia;	2013/ 37/EU (1)(a)(iii)	The class represents a part of Public Sector Information which has Insignia and it is a part of document.
InsigniaReuse	Logos, crests and insignia is not a part of Public Sector Information. In general, it is not allow to reuse it. (...)parts of documents containing only logos, crests and insignia;	2013/37/EU 1.a.iii.cb	The class represents one of exceptions of PSI reuse: is not allow reusing Logos, crests and insignia of Public Institutions. It applies to Public Sector Institution Insignia, Crests of Public Sector Institution, Names of Information Provider, Official Mark and Logo.
InstitutionPSILaw	Insitution PSI law is legal regulation of reuse of public sector information released by the institution itself. Sometimes it implements specific requirements of PSI reuse, if national PSI law it permits. Usually attribution requirements are specified.	<none>	The class represents law of Public Sector Information reuse applied by Institution (e.g. PSI Provider).
InsubstantialPartDB	The repeated and systematic extraction and/or re-utilization of insubstantial parts of the contents of the database implying acts which conflict with a normal exploitation of that database or which unreasonably prejudice the legitimate interests of the maker of the database shall not be permitted.	96/9/EC 7.5	It's a part of database, but not a qualitatively or quantitatively significant part of the database.

	The maker of a database which is made available to the public in whatever manner may not prevent a lawful user of the database from extracting and/or re-utilizing insubstantial parts of its contents, evaluated qualitatively and/or quantitatively, for any purposes whatsoever.	96/9/EC 8.1	
IntegralPartOfDataset	This licence does not cover: departmental or public sector organisation logos, crests and the Royal Arms except where they form an integral part of a document or dataset.	UK OGL v.3	The class represents integral part of dataset.
IntegralPartOfDocument	This licence does not cover: departmental or public sector organisation logos, crests and the Royal Arms except where they form an integral part of a document or dataset.	UK OGL v.3	The class represents integral part of document.
Jurisdiction_FI	Jurisdiction of Finland.		The class represents Jurisdiction of Finland.
Jurisdiction_UK	Jurisdiction of United Kingdom (UK): UK Government Licensing England and Wales, Scotland, Northern Ireland		The class represents Jurisdiction of UK (England and Wales, Scotland, Northern Ireland).
LaterVersionsLicense	The Adapter's License You apply must be a Creative Commons license with the same License Elements, this version or later, or a BY-SA Compatible License.	CC BY-SA 4.0 3.b.1	The class represents any later version of the CC BY-SA license. It has attribute Approved by Creative Commons.
LawfulAccess	Member States may stipulate that lawful users of a database which is made available to the public in whatever manner may, without the authorization of its maker, extract or re-utilize a substantial part of its contents: (a) in the case of extraction for private purposes of the contents of a non-electronic database; (b) in the case of extraction for the purposes of illustration for teaching or scientific research, as long as the source is indicated and to the extent justified by the non-commercial purpose to be achieved; (c) in the case of extraction and/or re-utilization for the purposes of public security or an administrative or judicial procedure.	96/9/EC 9.	It is a legal condition to use limitation of exclusive copyrights and sui generis database rights. The limitation can be used only if it is set by law and must respect the conditions set by law. It is performed by Lawful User and grants Authorisation. It applies to NormalUse.
LawfulUser	The performance by the lawful user of a database or of a copy thereof of any of the acts listed in Article 5 which is necessary for the purposes of access to the contents of the databases and normal use of the contents by the lawful user shall not require the authorization of the author of the database. Where the lawful user is authorized to use only part of the database, this provision shall apply only to that part. Member States may stipulate that lawful users of a database which is made available to the public in whatever manner may, without the	96/9/EC 6.1. 96/9/EC 9.	It is a legal condition to use limitation of exclusive rights and sui generis database rights. The limitation can be performed only by lawful user. It authorises Authorisation, and can access Database (EU).

	<p>authorization of its maker, extract or re-utilize a substantial part of its contents (...)</p> <p>The maker of a database which is made available to the public in whatever manner may not prevent a lawful user of the database from extracting and/or re-utilizing insubstantial parts of its contents, evaluated qualitatively and/or quantitatively, for any purposes whatsoever. Where the lawful user is authorized to extract and/or re-utilize only part of the database, this paragraph shall apply only to that part.</p> <p>A lawful user of a database which is made available to the public in whatever manner may not perform acts which conflict with normal exploitation of the database or unreasonably prejudice the legitimate interests of the maker of the database .</p> <p>A lawful user of a database which is made available to the public in any manner may not cause prejudice to the holder of a copyright or related right in respect of the works or subject matter contained in the database.</p>	96/9/EC 8.1. 96/9/EC 8.2. 96/9/EC 8.3.	
LegalNotice	<p>Notice is the legal concept describing a Wikipedia requirement that a party be aware of legal process affecting their rights, obligations or duties (source: Wikipedia).</p> <p>It is common to use legal notice as a tool to express legal rules applied to Open Government Data in OGD portals.</p>		The class represents legal notice.
LegalRules	<p>The rule of law is the legal principle that law should govern a nation, as opposed to being governed by arbitrary decisions of individual government officials</p>	Wikipedia	The class represents legal rules. It has jurisdiction, has valid TimeInterval, applies to Requirements of Adapters License, Reuse of Licensed Material and Reuse of Adapted Material.
LendingRight	<p>This Directive shall apply without prejudice to Community provisions relating to:</p> <p>rental right, lending right and certain rights related to copyright in the field of intellectual property.</p> <p>Lending means making available for use, for a limited period of time and not for direct or indirect economic or commercial advantage, when it is made through establishments which are accessible to the public.</p>	96/9/EC 2.1(b) 92/100/EEC 1.3	<p>A right to lend something, to make available for use, for a limited period of time and not for direct or indirect economic or commercial advantage, when it is made through establishments which are accessible to the public.</p>
Libraries	<p>This Directive shall not apply to:</p> <p>documents held by cultural establishments other than libraries, museums and archives.</p>	2013/ 37/EU (1)(a)(v).	The class represents public sector institution which belongs to libraries.
License	<p>The right referred to in paragraph 1 may be transferred, assigned or granted under contractual license.</p> <p>Public sector bodies may allow for re-use of documents without conditions or may impose conditions, where</p>	96/9/EC 7.3. 2003/98/EC 8.1.	It's a legal term describing a legal tool to provide authoritative permission, obligation and other conditions to use the work, data, database or other materials

	appropriate through a license, dealing with relevant issues. These conditions shall not unnecessarily restrict possibilities for re-use and shall not be used to restrict competition.		
LimitationOfDistribution	The first sale in the Community of a copy of the database by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community. 'Re-utilization' shall mean any form of making available to the public all or a substantial part of the contents of a database by the distribution of copies, by renting, by on-line or other forms of transmission. The first sale of a copy of a database within the Community by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community;	96/9/EC 5.1(c), 7.2(b)	It is limiting condition to reutilise DB or substantial part of DB or/and distribute copy of DB, while the first sale of DB is not permitted by the rightholder or with his consent. It prohibits Reutilization Distribution. It applies to Copy of DB, Substantial Part of DB and Whole DB.
LocalizedPSILaw	Localized PSI law is legal regulation of reuse of public sector information in lower than a country level. Sometimes it implements specific requirements of PSI re-use, if national PSI law it permits. E.g. land, municipality, institution PSI law	<none>	The class represents law of Public Sector Information reuse applied in a local level and not a national level (e.g. PSI Provider law, Lands PSI law, Municipality's PSI law).
Logo	Logos of Information Provider is not permitted to reuse. E.g. licence does not grant you any right to use: the names, crests, logos, or other official symbols of the Information Provider	Open Government Licence – Canada 2.0.	The class represents exception of PSI reuse because logos of Information Provider
MakerOfDB	Member States shall provide for a right for the maker of a database which shows that there has been qualitatively and/or quantitatively a substantial investment in either the obtaining, verification or presentation of the contents to prevent extraction and/or re-utilization of the whole or of a substantial part, evaluated qualitatively and/or quantitatively, of the contents of that database.	96/9/EC 7.1	Maker of database is a subject who made database. It holds Sui Generis Database Rights and Right to transmit Sui Generis Database Rights.
MoralRightsOwner	The rights granted to the author in accordance with the preceding paragraph shall, after his death, be maintained, at least until the expiry of the economic rights, and shall be exercisable by the persons or institutions authorized by the legislation of the country where protection is claimed.	Berne convention 6bis2	Moral rights owner is a lawful holder of the moral rights. It is author or successor(in case of authors death) or trustee (in case of adjudication of authors rights limitation).
MunicipalityPSILaw	Municipality PSI law is legal regulation of reuse of public sector information in a municipality level. Sometimes it implements specific requirements of PSI re-use, if national PSI law it permits.	<none>	The class represents law of Public Sector Information reuse applied in municipality.
Museums	This Directive shall not apply to: documents held by cultural establishments other than libraries, museums and archives.	2013/ 37/EU (1)(a)(v).	The class represents public sector institution which belongs to museums.
NC_License	A non-commercial type of licenses.	<none>	It's a class of non-commercial type of licenses.

ND_License	A non-derivative type of licenses	<none>	It's a class of non-derivative type of licenses. It's disjoint with Adapters License.
NamesOfIP	Names of Information Provider is not permitted to reuse. E.g. licence does not grant you any right to use: the names, crests, logos, or other official symbols of the Information Provider	Open Government Licence – Canada 2.0.	The class represents the names of Information Provider.
NationalPSILaw	National PSI law is legal regulation of reuse of public sector information in a country level. In EU Member States is national law which implements PSI Directive. E.g. In Spain PSI law: 1) LAW 37/2007 of 16 November 2007 on the re-use of public sector information; 2) Law No 18/2015, of 9 July 2015, amending Law No 37/2007, of 16 November 2007, on the re-use of public sector information.	<none>	The class represents law of Public Sector Information reuse applied in a national level.
NeighbouringRights	In copyright law, related rights (or neighbouring rights) are the rights of a creative work not connected with the work's actual author. It is used in opposition to the term "authors' rights". Neighbouring rights is a more literal translation of the original French <i>droits voisins</i> . ^[1] Both authors' rights and related rights are copyrights in the sense of English or U.S. law.	Wikipedia	A class representing the rights related to copyrights. Equal to RelatedRights.
NoDownstreamRestrictions	No downstream restrictions. You may not offer or impose any additional or different terms or conditions on, or apply any Effective Technological Measures to, the Licensed Material if doing so restricts exercise of the Licensed Rights by any recipient of the Licensed Material.	CC BY-SA 4.0 2.a.5.C	The class represents a requirement of no downstream restrictions.
NoEndorsment	Non-endorsement: This licence does not grant you any right to use the Information in a way that suggests any official status or that the Information Provider and/or Licensor endorse you or your use of the Information.	UK OGL v.3	The class represents prohibition of non – endorsement.
NoLicense	This class is used to represent cases when no license is applied to OGD to express the intent that the OGD be in the public domain, although it may be regulated by national PSI reuse law (e.g., Finland). The class does not apply in the cases when a license is not applied by mistake.	<none>	This class is used to represent cases when no license is applied to OGD. It's disjoint with Obligation and Prohibition.
NoWarranty	No warranty The Information is licensed 'as is' and the Information Provider and/or Licensor excludes all representations, warranties, obligations and liabilities in relation to the Information to the maximum extent permitted by law. The Information Provider and/or Licensor are not liable for any errors or omissions in the Information and shall not be liable for any loss, injury or damage of any kind caused by its use. The Information Provider does not	UK OGL v.3	The class represents prohibition to ask for warranty of OGD.

	guarantee the continued supply of the Information.		
NonCommercialExpl	This class is used to express the permission to non-commercially exploit the licensed data.	<none>	This class is used to express the permission to non-commercially exploit the licensed data.
NonPublicTaskDocuments	This Directive shall not apply to: documents the supply of which is an activity falling outside the scope of the public task of the public sector bodies concerned as defined by law or by other binding rules in the Member State, or in the absence of such rules, as defined in line with common administrative practice in the Member State in question, provided that the scope of the public tasks is transparent and subject to review;	2003/98/EC 1.2(a) 2013/ 37/EU (1)(a)(i)	This class represents Non Public Task related Documents, which are excluded from Public Sector Information by law. It is disjoint with OpenGovDatasets.
NormalUse	The performance by the lawful user of a database or of a copy thereof of any of the acts listed in Article 5 which is necessary for the purposes of access to the contents of the databases and normal use of the contents by the lawful user shall not require the authorization of the author of the database. Where the lawful user is authorized to use only part of the database, this provision shall apply only to that part.	96/9/EC 6.1	An act of normal (lawful) use of database. It is disjoint with Not Normal Exploitation. Used by Lawful User.
NotNormalExploitation	The repeated and systematic extraction and/or re-utilization of insubstantial parts of the contents of the database implying acts which conflict with a normal exploitation of that database or which unreasonably prejudice the legitimate interests of the maker of the database shall not be permitted.	96/9/EC 7.5	An act or process of prohibited actions of extraction and/or re-utilization of insubstantial parts. It is disjoint with Normal Use and applies to Insubstantial Parts of Database.
NoticeOfDisclaimer	If You Share the Licensed Material (including in modified form), You must retain the following if it is supplied by the Licensor with the Licensed Material: a notice that refers to the disclaimer of warranties;	CC BY-SA 4.0 3.a.1.A.iv.	The class represents notice that refers to the disclaimer of warranties.
NoticeOfLicense	If You Share the Licensed Material (including in modified form), You must retain the following if it is supplied by the Licensor with the Licensed Material: a notice that refers to this Public License.	CC BY-SA 4.0 3.a.1.A.iii.	The class represents notice that refers to this Public License.
Obligation	It's the act of binding or obliging oneself by a promise, contract, license or other.	<none>	The act or process of officially binding or obliging someone to do a particular thing because of use of Original Work/Database and/or Derivative Work/Database or part of it. It's disjoint with NoLicense and PD_License. It applies to ThirdParty.
ObligatoryGR	General requirements are a set of rules, which are obligatory to apply to reuse of PSI in jurisdiction of the country. E.g. "Bodies entrusted with a public task shall not make their authorisation of re-use subject to any licence	Act of 24 June 2015 laying down rules on the re-use of public sector information (Act on re-use of public sector information) (Bulletin of Acts	The class represents general requirements which are obligatory to apply.

	conditions which unnecessarily limit the scope for re-use or restrict competition.”	and Decrees of the Kingdom of the Netherlands)	
OfferOfLicense	<p>Offer from the Licensor – Licensed Material. Every recipient of the Licensed Material automatically receives an offer from the Licensor to exercise the Licensed Rights under the terms and conditions of this Public License.</p> <p>Additional offer from the Licensor – Adapted Material. Every recipient of Adapted Material from You automatically receives an offer from the Licensor to exercise the Licensed Rights in the Adapted Material under the conditions of the Adapter’s License You apply.</p>	CC BY-SA 4.0 2.a.5.A-B	<p>The class represent obligations coming from Creative Commons licenses:</p> <p>1) automatically to exercise the Licensed Rights under the terms and conditions of the License to every recipient of the Licensed Material.</p> <p>2) automatically to offer to use the same License of Licensed Material for every recipient of the Adapted Material.</p>
OfficialMark	The exclusive right conferred by a official mark. E.g. This licence does not grant you any right to use: Information subject to other intellectual property rights, including patents, trade-marks and official marks.	Canada Open Government License v.2.0	The class represents exception of PSI reuse because Official Mark.
OpenDomainOGD	Official documents shall be in the public domain, unless specifically otherwise provided in this Act or another Act.	Act on the Openness of Government Activities (Finland) (621/1999; amendments up to 1060/2002 included) 1.1.	This class represents Open Government Datasets, which belongs to Open Domain by law. It is implemented by NoLicense and/or PD_License.
OpenGovDatasets	Is a dataset released as Open Gouvernement Dataset, which is a part of Public Sector Information.	<none>	It is a class of Dataset released under PSI reuse regulation.
OriginalWork	An original work is one not received from others nor one copied from or based upon the work of others.	Wikipedia	It is Licensed Work.
OrphanWork	A work or a phonogram shall be considered an orphan work if none of the rightholders in that work or phonogram is identified or, even if one or more of them is identified, none is located despite a diligent search for the rightholders having been carried out and recorded in accordance with Article 3.	2012/28/EU 2.1	It’s an intellectual work which rightholders are not identified and/or located. It belongs to Unknown Rightholder.
OtherIntellectualProperty	Other Intellectual Property classes, but not protected by copyright. E.g. patent, trademark and etc.	<none>	The class represents other Intellectual Property, except Creative Work.
OtherTraditionalExpectations	<p>Member States shall have the option of 96/9/EC 6.2.d. providing for limitations on the rights set out in Article 5 in the following cases:</p> <p>(...) where other exceptions to copyright which are traditionally authorized under national law are involved, without prejudice to points (a), (b) and (c).</p>	96/9/EC 6.2.d.	Other traditional expectations to copyright which is set by EU member states national law
PD_License	It’s a class of public domain type of licenses	<none>	It’s a class of public domain type of licenses. It applies to Open Government Data which belongs to Open Domain.
PSIDirective	This class represents Directive 2003/98/EC on the re-use of public sector information and it’s amendment Directive 2013/37/EU of the European	2003/98/EC 2013/37/EU	This class represents Directive 2003/98/EC on the re-use of public sector information and it’s

	Parliament and of the Council of 26 June 2013 amending Directive 2003/98/EC on the re-use of public sector		amendment Directive 2013/37/EU of the European Parliament and of the Council of 26 June 2013 amending Directive 2003/98/EC on the re-use of public sector. It is implemented by National PSI law.
PSIReuseRules	Are the rules, which regulate how public sector's information should be reused.	<none>	It are legal rules of Public Sector Information reuse.
Patent	A patent is an exclusive right granted for an invention, which is a product or a process that provides, in general, a new way of doing something, or offers a new technical solution to a problem. To get a patent, technical information about the invention must be disclosed to the public in a patent application.	WIPO	The class represent patent.
Penalty	A punishment for breaking a law, rule or contract	Oxford Advanced Learner's Dictionary	The class represent penalty.
Performance	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: any reproduction, distribution, communication, display or performance to the public of the results of the acts referred to in (b).	96/9/EC 5.1.e.	Act of performing to the public (the database or part of it). It acts on Original Work/Database and Derivative Work/Database.
PermanenetReproduction	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: (a) temporary or permanent reproduction by any means and in any form, in whole or in part;	96/9/EC 5.1.a.	Act of reproduction of the database or a part of the database which lasts permanent. It is disjoint with Temporary Reproduction.
Permission	The act of permitting.	Dictionary.com	The act or process of officially permitting someone to do a particular thing with Original Work/Database and Derivative Work/Database or part of it.
PermissionOnDerivativeWork	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: any reproduction, distribution, communication, display or performance to the public of the results of the acts referred to in (b).	96/9/EC 5(e)	The act or process of officially permitting someone to do a particular thing with Derivative Work/Database or part of it. It permits Reproduction, Distribution, Performance, Display and Communication. It applies to Derivative Work. It is disjoint with Permission on Original Work.
PermissionOnOriginalWork	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: (a) temporary or permanent reproduction by any means and in any form, in whole or in part; (b) translation, adaptation, arrangement and any other alteration; (c) any form of distribution to the	96/9/EC 5(a-d)	The act or process of officially permitting someone to do a particular thing with Original Work/Database or part of it. It permits Alteration, Translation, Adaptation, Arrangement and Any other alteration, Display, Performance, Distribution, Communication and Reproduction. It applies to

	public of the database or of copies thereof. The first sale in the Community of a copy of the database by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community;		Original Work.
PersonWhoHoldsCopyright	(d) any communication, display or performance to the public; Where collective works are recognized 96/9/EC 4.2 by the legislation of a Member State, the economic rights shall be owned by the person holding the copyright.		The person who owns copyright of collective works. It holds economic rights. It is equal to Rightholder of Copyrights. It applies Effective Technological Measures.
PersonalData	Data containing/related to personal information as it is defined by EU Directive 95/46/EC 'personal data' shall mean any information relating to an identified or identifiable natural person ('data subject'); an identifiable person is one who can be identified, directly or indirectly, in particular by reference to an identification number or to one or more factors specific to his physical, physiological, mental, economic, cultural or social identity; 'personal data' means any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person; This Directive shall not apply to: (cc) documents access to which is excluded or restricted by virtue of the access regimes on the grounds of protection of personal data, and parts of documents accessible by virtue of those regimes which contain personal data the re-use of which has been defined by law as being incompatible with the law concerning the protection of individuals with regard to the processing of personal data;	95/46/EC 2.a. Regulation (EU) 2016/679 4.1 2013/ 37/EU (1)(a)(iii)	The class represents personal data, regulated by EU.
PersonalDataProtectionLaw	A specific law subject dedicated to protection of personal data, e.g. 95/46/EC, Regulation (EU) 2016/679		The class represents law of personal data protection in EU. It defines Personal Data.
PortedVersionsOfBY_SA_License	Your contributions to adaptations of BY-SA 4.0 materials may only be licensed under: Ported versions of the BY-SA license (if any), version 4.0 or later	https://creativecommons.org/licenses/by-sa/4.0/	The class represents Ported Versions of CC BY-SA license. It has attribution Approved by Creative Commons.
PreviousModification	Indicate if You modified the Licensed Material and retain an indication of any previous modifications.	CC BY-SA 4.0 3.a.1.B	The class represents the previous modification(s) of Original Work.

PrivateReproduction	<p>Member States shall have the option of 96/9/EC 6.2(a), 9(a) providing for limitations on the rights set out in Article 5 in the following cases:</p> <p>in the case of reproduction for private purposes of a non-electronic database;</p> <p>Member States may stipulate that lawful users of a database which is made available to the public in whatever manner may, without the authorization of its maker, extract or re-utilize a substantial part of its contents:</p> <p>(a) in the case of extraction for private purposes of the contents of a non-electronic database;</p>	<p>The class represents an exception of Copyrights and Sui Generis Database Rights in the case of reproduction/extraction for private purposes of a non-electronic database.</p> <p>It is implemented by co:PrivateCopyRight.</p>
Prohibition	<p>The class is a part of the deontic rules <none> used to express the prohibitions/restrictions.</p>	<p>The act or process of officially prohibiting someone to do a particular thing with Original Work/Database and Derivative Work/Database or part of it.</p> <p>It is disjoint with No Licence, Permission and PD License. It applies to ThirdParty.</p>
ProtectionOfNationalSecurity	<p>This Directive shall not apply to: 2013/ 37/EU (1)(a)(ii)</p> <p>documents which are excluded from access by virtue of the access regimes in the Member States, including on the grounds of:</p> <p>— the protection of national security (i.e. State security), defence, or public security.</p>	<p>The class represents protection of national security as the reason why public sector documents, are excluded from public access.</p>
PublicInterest	<p>(...) in the case of extraction and/or re-96/9/EC 6.2(c), 9.1(c) utilization for the purposes of public security or an administrative or judicial procedure.</p> <p>(...) where there is use for the purposes of public security or for the purposes of an administrative or judicial procedure;</p>	<p>It's one of exceptions when copyrights or sui generis rights are limited: if it's necessary for the purposes of public security or an administrative or judicial procedure.</p>
PublicLending	<p>Public lending is not an act of 96/9/EC 7.2 extraction or re-utilization.</p>	<p>It's an act of lending of database for public purpose (e.g. libraries).</p>
PublicSectorInformation	<p>"Public sector information" is information, including information products and services, generated, created, collected, processed, preserved, maintained, disseminated, or funded by or for the Government or public institution.</p> <p>OECD, 2003/98/EC, 2013/37/EU</p> <p>In EU is regulated by PSI Directive 2003/98/EC and amendment 2013/37/EU</p>	<p>The class represents Public Sector Information regulated by PSI Directive 2003/98/EC and amendment 2013/37/EU.</p> <p>It is disjoint with NonPublicTaskDocuments.</p>
PublicSectorInstitutionInsignia	<p>This licence does not cover: UK OGL v3</p> <p>departmental or public sector organisation logos, crests and the Royal Arms except where they form an integral part of a document or dataset.</p>	<p>The class represents logos, crests and the Royal Arms of Public Sector Organization. It has Jurisdiction_UK.</p>
PublicServiceBroadcastingData	<p>This Directive shall not apply to: 2003/98/EC 1.2(d)</p> <p>documents held by public service broadcasters and their subsidiaries, and by other bodies or their subsidiaries for the fulfilment of a public service broadcasting remit;</p>	<p>The class represents information, databases or Creative Works held by public service broadcasters and their subsidiaries, and by other bodies or their</p>

			subsidiaries for the fulfilment of a public service broadcasting remit.
PublishedDB	<p>This is one of conditions to apply exception of sui generis right – database should be made available to the public.</p> <p>Member States may stipulate that lawful users of a database which is made available to the public in whatever manner may, without the authorization of its maker, extract or re-utilize a substantial part of its contents (...)</p>	96/9/EC 9	The class represents database which is made available to the public.
Qualification	<p>It is a class representing obligatory qualification to apply Sui Generis Database Right (EU).</p> <p>Any substantial change, evaluated qualitatively or quantitatively, to the contents of a database, including any substantial change resulting from the accumulation of successive additions, deletions or alterations, which would result in the database being considered to be a substantial new investment, evaluated qualitatively or quantitatively, shall qualify the database resulting from that investment for its own term of protection.</p>	96/9/EC 10.3	It is a class representing obligatory condition of qualification, which is necessary to apply Sui Generis Database Right (EU) to Database.
QualitativelyInvestment	<p>Member States shall provide for a right for the maker of a database which shows that there has been qualitatively and/or quantitatively a substantial investment in either the obtaining, verification or presentation of the contents to prevent extraction and/or re-utilization of the whole or of a substantial part, evaluated qualitatively and/or quantitatively, of the contents of that database.</p>	96/9/EC 7.1	The class represents an investment qualified qualitatively. It applies to SubstantialPartDB, WholeDB.
QuantitativelyInvestment	<p>Member States shall provide for a right for the maker of a database which shows that there has been qualitatively and/or quantitatively a substantial investment in either the obtaining, verification or presentation of the contents to prevent extraction and/or re-utilization of the whole or of a substantial part, evaluated qualitatively and/or quantitatively, of the contents of that database.</p>	96/9/EC 7.1	The class represents an investment qualified quantitatively. It applies to SubstantialPartDB, WholeDB.
RecommendedGR	<p>Recommended requirements are a set of rules which are not obligatory to apply to re-use of PSI in jurisdiction of the country.</p> <p>E.g. “A public sector body may impose conditions on re-use (...)”</p>	<p>2015 No. 1415</p> <p>Public sector information</p> <p>The re-use of public sector information regulations 2015 (UK)</p>	The class represents general requirements which are recommended to apply.
RegionPSILaw	<p>Region PSI law is a legal regulation of reuse of public sector information in a region, land level. Sometimes it implements specific requirements of PSI re-use, if national PSI law it permits. It's common in federal countries, or lands with high autonomous status.</p> <p>E.g. Vorarlbergland of Austria has PSI</p>	<none>	The class represents law of Public Sector Information reuse applied in region or land.

	law: 42. Act: Document Reuse Act XXVIII.LT: RV 46/2006, 6th sitting for 2006		
RelatedRights	This Directive shall apply without prejudice to Community provisions relating to: rental right, lending right and certain rights related to copyright in the field of intellectual property	96/9/EC 2.1(b)	It is legal rights, other than authors rights but are related to copyright in the field of intellectual property.
RentalRight	This Directive shall apply without prejudice to Community provisions relating to: rental right, lending right and certain rights related to copyright in the field of intellectual property. Reparation	Reparation is the process of restitution. <none>		It is an act or process of restitution. It applies penalty to Penalty and repays Violation.
RepeatedSystematicExtraction	It's not authorized and forbidden by law repeated and systematic extraction of insubstantial parts of the contents of the database	96/9/EC 7(5)	It is an act or process of violation, prohibited act by making not authorized repeated and systematic extraction of insubstantial parts of the contents of the database.
RepeatedSystematicExtractionAndRe-utilization	The repeated and systematic extraction and/or re-utilization of insubstantial parts of the contents of the database implying acts which conflict with a normal exploitation of that database or which unreasonably prejudice the legitimate interests of the maker of the database shall not be permitted.	96/9/EC 7(5)	It is an act or process of violation, prohibited act by making not authorized repeated and systematic extraction and reutilization of insubstantial parts of the contents of the database.
RepeatedSystematicReutilization	It's not authorized and forbidden by law repeated and systematic re-utilization of insubstantial parts of the contents of the database	96/9/EC 7(5)	It is an act or process of violation, prohibited act by making not authorized repeated and systematic reutilization of insubstantial parts of the contents of the database.
Reproduction	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize temporary or permanent reproduction by any means and in any form, in whole or in part. (...)any reproduction, distribution, communication, display or performance to the public of the results of the acts referred to in (b).	96/9/EC 5(1a, e)	Act or process of reproducing the contents of the database. Acts on Derivative Work/Database and Original Work/Database. Consists of Temporary reproduction and Permanent reproduction.
RequirementsToAdaptersLicense	Requirements which are exclusively applied to Adapters' license of derivative work (mashup).	<none>	The class represents Requirements which are exclusively applied to Adapters' license of derivative work. It applies to SA_License, AdaptersLicense.
RestrictionOfSGR	Member States shall provide for a right	96/9/EC 5., Chapter III	The act or process of

	for the maker of a database which shows that there has been qualitatively and/or quantitatively a substantial investment in either the obtaining, verification or presentation of the contents to prevent extraction and/or re-utilization of the whole or of a substantial part, evaluated qualitatively and/or quantitatively, of the contents of that database.		officially prohibiting someone to do a particular thing with Database because of a limiting conditions or measures granted by sui generis database right EU. It prohibits Reutilization, Extraction and Not normal Exploitation.
RestrictionOnDerivativeWork	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize any reproduction, distribution, communication, display or performance to the public of the results of the acts referred to in (b).	96/9/EC 5.1(e)	The act or process of officially prohibiting someone to do a particular thing with Derivative Work/Database or part of it. It prohibits Reproduction, Display, Distribution, Performance and Communication. It applies to Derivative Work/Database.
RestrictionOnOriginalWork	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: (a) temporary or permanent reproduction by any means and in any form, in whole or in part; (b) translation, adaptation, arrangement and any other alteration; (c) any form of distribution to the public of the database or of copies thereof. The first sale in the Community of a copy of the database by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community; (d) any communication, display or performance to the public;	96/9/EC 5.1(a-d)	The act or process of officially prohibiting someone to do a particular thing with Original Work/Database or part of it. It prohibits Alteration, Display, Performance, Reproduction, Communication and Distribution. It applies to Original Work/Database.
Reutilization	any form of making available to the public all or a substantial part of the contents of a database by the distribution of copies, by renting, by on-line or other forms of transmission	96/9/EC 7.2	The action or process of any form of making available to the public all or a substantial part of the contents of a database by the distribution of copies, by renting, by on-line or other forms of transmission It applies to Whole DB and Substantial Part DB.
RightToAuthorise	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize (...)	96/9/EC 5	It is a class representing the official permission made by right holder and allowing someone to use the copyright or sui generis database right protected object under terms of the permission. It is implemented by Authorisation.
RightToControlResale	Any form of distribution to the public of the database or of copies thereof. The first sale in the Community of a copy of the database by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community;	96/9/EC 5.1(c), 7.2(b)	One of exclusive rights to control resale. It is implemented by Limitation Of Distribution and applies to Copy of Database.

	(...) 're-utilization' shall mean any form of making available to the public all or a substantial part of the contents of a database by the distribution of copies, by renting, by on-line or other forms of transmission. The first sale of a copy of a database within the Community by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community;		
RightToSale	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize (...)	96/9/EC 5	It is a class representing the right to transfer of copyrights object for money or credit. It is implemented by Sale.
RightToTransmitSGR	The right referred to in paragraph 1 may be transferred, assigned or granted under contractual licence.	96/9/EC 7.3	It is a class representing the right to transmit, assign, grant Sui Generis database rights by transferring, assigning or granting to the third party. It is implemented by contractual license. It applies to Assignment, Grant and Transfer.
RightholderOfCopyrights	The author of a database shall be the natural person or group of natural persons who created the base or, where the legislation of the Member States so permits, the legal person designated as the rightholder by that legislation	96/9/EC 4.1	Owner of the copyrights. It holds economic rights, right to sale, right to authorise. It is equal to Author. It applies Effective Technological Measures.
RightholderOfSGR	The first sale of a copy of a database within the Community by the rightholder or with his consent shall exhaust the right to control resale of that copy within the Community; The right provided for in Article 7 shall apply to database whose makers or rightholders are nationals of a Member State or who have their habitual residence in the territory of the Community.	96/9/EC 7.2.(b),11.1	It is a class representing the owner of the sui generis database rights. It holds SuiGenerisDBRight and RightToTransmitSGR.
SA_License	It's a class of share-alike type of licenses, e.g. CC BY-SA, GPLv.3	<none>	It's a class of share-alike type of licenses.
Sale	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize (...)	96/9/EC 5	Is an act or process of transfer of copyrights object for money or credit. It acts on PermissionOnDerivativeWork and PermissionOnOriginalWork. It permits NonCommercialExpl and I4lod:CommercialExpl.
SameLicense	The same version of the license	<none>	It's a class of same version of the license.
SpecialRequirements	Special requirements of PSI reuse are those requirements which are applied in specific region of the country, or institution, or applied to specific kind of information. Specific requirements are granted by national PSI law. Specific requirements are used not by all EU Member States.	<none>	Requirements which has jurisdiction of specific region of the country, or institution, or applied to specific kind of information. It applies to OpenGovDatasets.
SpecificAccess	This Directive shall not apply to: (ca) documents access to which is	2013/ 37/EU (1)(a)(iii)	The class represents specific access restricted by virtue of the access regimes as the

	restricted by virtue of the access regimes in the Member States, including cases whereby citizens or companies have to prove a particular interest to obtain access to documents;		reason why public sector documents, are excluded from public access.
StatisticalConfidentiality	This Directive shall not apply to: documents which are excluded from access by virtue of the access regimes in the Member States, including on the grounds of: — statistical confidentiality.	2013/ 37/EU (1)(a)(ii)	The class represents statistical confidentiality as the reason why public sector documents, are excluded from public access.
SubstantialChange	Any substantial change, evaluated qualitatively or quantitatively, to the contents of a database, including any substantial change resulting from the accumulation of successive additions, deletions or alterations, which would result in the database being considered to be a substantial new investment, evaluated qualitatively or quantitatively, shall qualify the database resulting from that investment for its own term of protection.	96/9/EC 10.3	Act or process of significant modification of contents of database which can be evaluated qualitatively or (and) quantitatively. It applies to WholeDB and SubstantialPartDB. It qualifies QuantitativelyInvestment and QualitativelyInvestment.
SubstantialInvestment	Member States shall provide for a right for the maker of a database which shows that there has been qualitatively and/or quantitatively a substantial investment in either the obtaining, verification or presentation of the contents to prevent extraction and/or re-utilization of the whole or of a substantial part, evaluated qualitatively and/or quantitatively, of the contents of that database.	96/9/EC 7.1	Act or process of substantial investment which is protected by sui generis EU DB right and can be evaluated qualitatively or (and) quantitatively. It applies to WholeDB and SubstantialPartDB. It qualifies QuantitativelyInvestment and QualitativelyInvestment.
SubstantialPartDB	Member States shall provide for a right for the maker of a database which shows that there has been qualitatively and/or quantitatively a substantial investment in either the obtaining, verification or presentation of the contents to prevent extraction and/or re-utilization of the whole or of a substantial part, evaluated qualitatively and/or quantitatively, of the contents of that database.	96/9/EC 7.1	It's a qualitatively or quantitative significant part of the contents of the database
SuiGenerisDBRights	Member States shall provide for a right for the maker of a database which shows that there has been qualitatively and/or quantitatively a substantial investment in either the obtaining, verification or presentation of the contents to prevent extraction and/or re-utilization of the whole or of a substantial part, evaluated qualitatively and/or quantitatively, of the contents of that database.	96/9/EC 7.1	The rights of the maker of the database granted by Database Directive 96/9/EC. It applies to DatabaseEU. It has condition of qualification. It grants RestrictionSGR. It is disjoint with PD_License. It is implemented by FirstSaleRule.
SuiGenerisDatabaseRightLaw	Law of sui generis database right. In EU: Directive 96/9/EC of the European Parliament and of the Council of 11 March 1996 on the legal protection of databases In EU Member States: local law which implements the Directive 96/9/EC.		The law which defines SuiGenerisDBRights. In EU: Directive 96/9/EC of the European Parliament and of the Council of 11 March 1996 on the legal protection of databases In EU Member States: local law which implements the

TemplateOfAdaptersLicense	It is a special requirement to use specific templates of Adapters license provided by share-a-like type licenses (e.g. CC-BY-SA 4.0).	CC-BY-SA 4.0	Directive 96/9/EC. Requirement to use specific templates of Adapters license provided by share-a-like type licenses (e.g. CC-BY-SA 4.0).
TemporaryReproduction	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: temporary or permanent reproduction by any means and in any form, in whole or in part.	96/9/EC 5.1(a)	Not permanent act or process of reproducing the contents of the database.
TermsOfUse	Terms of service (also known as terms of use and terms and conditions, commonly abbreviated as ToS or TOS and TOU) are rules, that one must agree to abide by in order to use a service. Terms of service can also be merely a disclaimer, especially regarding the use of websites.	Wikipedia	The class represent Terms of use of Open Government Dataset.
TextOfLicense	(...) indicate the Licensed Material is licensed under this Public License, and include the text of, or the URI or hyperlink to, this Public License.	CC BY-SA	This class represents text of the license.
ThirdParty	(...)whereas the protection of databases by the sui generis right is without prejudice to existing rights over their contents, and whereas in particular where an author or the holder of a related right permits some of his works or subject matter to be included in a database pursuant to a non-exclusive agreement, a third party may make use of those works or subject matter subject to the required consent of the author or of the holder of the related right without the sui generis right of the maker of the database being invoked to prevent him doing so, on condition that those works or subject matter are neither extracted from the database nor re-utilized on the basis thereof;	96/9/EC rec.18	This class is used to express an agent other than the agent primarily involved in a situation, e.g., the user of a mashup of datasets or the reuser of an original work or data. It holds ThirdPartyRights and applies Effective Technological Measures.
ThirdPartyRights	This Directive shall not apply to: (b) documents for which third parties hold intellectual property rights;	2003/98/EC 1.2.	It is rights which are hold by ThirdParty, e.g. intellectual property rights. It applies to ExceptionOfPSIReuse
TradeMark	This Directive shall be without prejudice to provisions concerning in particular copyright, rights related to copyright or any other rights or obligations subsisting in the data, works or other materials incorporated into a database, patent rights, trade marks, design rights, the protection of national treasures, laws on restrictive practices and unfair competition, trade secrets, security, confidentiality, data protection and privacy, access to public documents, and the law of contract. This Directive does not apply to documents covered by industrial property rights, such as patents, registered designs and trademarks.	96/9/EC 13, 2003/98/EC rec.22	It is the exclusive right conferred by a trademark.
Transfer	The right referred to in paragraph 1 may be transferred, assigned or granted under contractual license.	96/9/EC 7.3	The act or process of transferring (sui generis rights of database). Applies to Third

			Party. Deactivates Restriction of Sui generis Database rights.
Translation	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: translation, adaptation, arrangement and any other alteration.	96/9/EC 5.1(b)	The act or process of translating of OriginalWork/Database. It acts on OriginalWork
URIOfLicense	You must include the text of, or the URI or hyperlink to, the Adapter's License You apply.	CC BY-SA 4.0 3.b.2	It is the URI or hyperlink to the License.
URIOfLicensedMaterial	(...) a URI or hyperlink to the LicensedMaterial to the extent reasonably practicable;	CC BY-SA 4.0 3.a.1.A(v)	It is URI or hyperlink to the Licensed Material
URIToResource	You may satisfy the conditions in Section 3(a)(1) in any reasonable manner based on the medium, means, and context in which You Share the Licensed Material. For example, it may be reasonable to satisfy the conditions by providing a URI or hyperlink to a resource that includes the required information.	CC BY-SA 4.0 3.a.2	URI or hyperlink to a resource.
UniversityLibraries	This Directive shall not apply to: (e) documents held by educational and research establishments, including organisations established for the transfer of research results, schools and universities, except university libraries and;	2013/ 37/EU (1)(a)(iv).	The class represents public sector institution which belongs to university libraries.
UnknownRightholder	A work or a phonogram shall be considered an orphan work if none of the rightholders in that work or phonogram is identified or, even if one or more of them is identified, none is located despite a diligent search for the rightholders having been carried out and recorded in accordance with Article 3.	2012/28/EU 2.1	A rightholder which is not identified, none is located despite a diligent search for the rightholders having been carried out and recorded. It holds CompensationRight.
UnlawfulAccess	This Directive builds on and is without prejudice to the existing access regimes in the Member States. This Directive shall not apply in cases in which citizens or companies have to prove a particular interest under the access regime to obtain access to the documents. (...)Use of any Information indicates your acceptance of the terms below.(...)	2003/98/EC 1.3 Open Data Licence Agreement — Office of the Commissioner of Lobbying (Canada)	It is an action which describes not permitted access by law or license. It prohibits Permission.
Violation	the act of doing something that is not allowed by a law or rule	Merriam-Webster's Learner's Dictionary	It is an act or process of doing something that is not allowed by a law or rule. It violates Obligation.
WholeDB	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: temporary or permanent reproduction by any means and in any form, in whole or in part Member States shall provide for a right for the maker of a database which shows that there has been qualitatively	96/9/EC 5.1(a) 96/9/EC 7.1	It's a whole unit of the database. It is equal to DatabaseEU.

	and/or quantitatively a substantial investment in either the obtaining, verification or presentation of the contents to prevent extraction and/or re-utilization of the whole or of a substantial part, evaluated qualitatively and/or quantitatively, of the contents of that database.	
co:AttributionRight	<p>Whereas the moral rights of the natural person who created the database belong to the author and should be exercised according to the legislation of the Member States and the provisions of the Berne Convention for the Protection of Literary and Artistic Works; whereas such moral rights remain outside the scope of this Directive;</p> <p>Independently of the author's economic rights, and even after the transfer of the said rights, the author shall have the right to claim authorship of the work and to object to any distortion, mutilation or other modification of, or other derogatory action in relation to, the said work, which would be prejudicial to his honor or reputation.</p> <p>“Any use for non-commercial purposes quoting the source for is permissible.</p> <p>Changes, editing, new designs or other amendments shall be marked with information in the source note about relevant changes, or the source note must be deleted if the entity keeping the data requires so.”</p> <p>“The licensee shall attribute the licensor as specified by the licensor and include a reference to this license. To the extent practically possible, the licensee shall provide a link to both this license and the source of the information.</p> <p>If the licensor has not specified how attributions shall be made, the licensee shall normally state the following: «Contains data under the Norwegian license for Open Government data (NLOD) distributed by [name of licensor]».</p> <p>If the licensor has specified that the information shall only be available under a specific version of this license, cf. Section 10, the licensee shall also state this.</p> <p>If the information has been changed, the licensee must clearly indicate that changes have been made by the licensee.”</p> <p>“Article 8. Conditions for re-use.</p> <p>The re-use of information of the public</p>	<p>96/9/EC rec.28</p> <p>Berne Convention for the Protection of Literary and Artistic Works 6bis1</p> <p>Data license Germany – attribution – non-commercial – Version 1.0</p> <p>Norwegian License for Open Government Data (NLOD)</p> <p>(Spanish) Law No 18/2015, of 9 July 2015, amending Law No 37/2007, of 16 November 2007, on the re-use of public sector information.</p> <p>The right to claim authorship of the work.</p>

	sector Administrations and bodies referred to in Article 2 of the present Law may be subject, among others, to the following general terms and conditions: a) That the content of the information, including its metadata, is not altered. b) That the meaning of the information is not distorted. c) That the source is acknowledged. d) That the date of the latest update is mentioned. e) When the information contains personal data, the specific purpose or purposes for which future re-use of the data is possible. f) When despite being provided by a dissociated means the information were to contain sufficient evidence that would enable identifying the interested parties in the process of re-use, the prohibition to reverse the dissociation procedure through the addition of new data obtained from other sources.”		
co:DiseminationRight	<none>	<none>	The right to disclose the work.
co:EducationRight	Member States shall have the option of 96/9/EC 6.2 providing for limitations on the rights set out in Article 5 in the following cases: where there is use for the sole purpose of illustration for teaching or scientific research, as long as the source is indicated and to the extent justified by the non-commercial purpose to be achieved Member States may stipulate that lawful users of a database which is made available to the public in whatever manner may, without the authorization of its maker, extract or re-utilize a substantial part of its contents: in the case of extraction for the purposes of illustration for teaching or scientific research, as long as the source is indicated and to the extent justified by the non-commercial purpose to be achieved;	96/9/EC 9.1(b)	To illustrate for teaching and research, uses for reproduction and communication to the public in educational institutions, libraries and archives.
co:InformationRight	<none>	<none>	News incorporating other news and news incorporating other works.
co:IntegrityRight	Independently of the author’s economic rights, and even after the transfer of the said rights, the author shall have the right to claim authorship of the work and to object to any distortion, mutilation or other modification of, or other derogatory action in relation to, the said work, which would be prejudicial to his honor or reputation.	Berne Convention 6bis1	The right to object to any distortion, mutilation or other modification of, or other derogatory action in relation to, the work which would be prejudicial to the author's honour or reputation.
co:MoralRights	Independently of the author’s economic rights, and even after the transfer of the said rights, the author	Berne convention 6bis1	Moral rights are always held by the creator and cannot be commercially exploited. They

	shall have the right to claim authorship of the work and to object to any distortion, mutilation or other modification of, or other derogatory action in relation to, the said work, which would be prejudicial to his honor or reputation.		are not present in all legal systems. However, WIPO treaties are promoting some of them in order to improve worldwide copyright law harmonisation.
co:OfficialActRight	Member States shall have the option of 96/9/EC 6.2.d. providing for limitations on the rights set out in Article 5 in the following cases: (...) where other exceptions to copyright which are traditionally authorized under national law are involved, without prejudice to points (a), (b) and (c).		To use for certain administrative, judicial or security proceedings and religious or official ceremonies.
co:ParodyRight	Member States shall have the option of 96/9/EC 6.2.d. providing for limitations on the rights set out in Article 5 in the following cases: (...) where other exceptions to copyright which are traditionally authorized under national law are involved, without prejudice to points (a), (b) and (c).		To use for parody and caricature.
co:PrivateCopyRight	Member States shall have the option of 96/9/EC 6.2(a) providing for limitations on the rights set out in Article 5 in the following cases: in the case of reproduction for private purposes of a non-electronic database;		To reproduce a work exclusively for the personal and private use of the person who makes the reproduction, e.g. a backup.
co:QuotationRight	Member States shall have the option of 96/9/EC 6.2.d. providing for limitations on the rights set out in Article 5 in the following cases: (...) where other exceptions to copyright which are traditionally authorized under national law are involved, without prejudice to points (a), (b) and (c).		The making of quotations from a protected work, provided that the source is mentioned and that the extent of the quotation is compatible with fair practice.
co:RelatedRights	This Directive shall apply without prejudice to Community provisions relating to: rental right, lending right and certain rights related to copyright in the field of intellectual property	96/9/EC 2.1(b)	There are the rights of other persons also involved in the exploitation of works. Performers, producers and broadcasters make a significant contribution in order to make works reach end-users. Their contribution is also protected by some rights related to copyright, the Related Rights or Neighbouring Rights.
co:TemporaryReproductionRight	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: temporary or permanent reproduction by any means and in any form, in whole or in part.	96/9/EC 5.1(a)	To produce ephemeral reproductions required in order to facilitate some technological processes geared towards work usage, e.g. internet caches.
co:UserRights	<none>	<none>	End-users have some special permissions that grant them the possibility to perform some actions otherwise forbidden by copyright, although this does not mean that the user must pay a

			compensation if they are exercises, e.g. levies on digital recording equipment and media. These exceptions to copyright should be considered as end-user privileges and not rights. However, some of them are referred to as rights, e.g. the right to quote. Moreover, they are modelled as rights in this conceptualisation in order to build a more homogeneous model.
co:Withdraw	Member States shall have the option of 96/9/EC 6.2.d. providing for limitations on the rights set out in Article 5 in the following cases: (...) where other exceptions to copyright which are traditionally authorized under national law are involved, without prejudice to points (a), (b) and (c).		-
co:WithdrawRight	Member States shall have the option of 96/9/EC 6.2.d. providing for limitations on the rights set out in Article 5 in the following cases: (...) where other exceptions to copyright which are traditionally authorized under national law are involved, without prejudice to points (a), (b) and (c).		The right to withdraw the work.
dbo:Jurisdiction	<none>	<none>	Jurisdiction is the practical authority granted to a formally constituted legal body or to a political leader to deal with and make pronouncements on legal matters and, by implication, to administer justice within a defined area of responsibility.
dcat:Dataset	To prevent different rules in different Member States acting as a barrier to the cross-border offer of products and services, and to enable comparable public data sets to be re-usable for pan-European applications based on them, a minimum harmonisation is required to determine what public data are available for re-use in the internal information market, consistent with the relevant access regime.	2013/37/EU Rec. 6	A collection of data, published or curated by a single agent, and available for access or download in one or more formats.
judo:Contractual_Agreement	The right referred to in paragraph 1 may be transferred, assigned or granted under contractual license.	96/9/EC 7.3	-
l4lod:Attribution	Where use is made of works in accordance with the preceding paragraphs of this Article, mention shall be made of the source, and of the name of the author if it appears thereon.	Berne Convention for the Protection of Literary and Artistic Works 10.3	This class is used to express the obligation of attribution to author of the licensed data. Status: stable.
l4lod:CommercialExpl	're-use' means the use by persons or legal entities of documents held by public sector bodies, for commercial or	2003/98/EC 2.4	This class is used to express the permission to commercially exploit the

	non-commercial purposes other than the initial purpose within the public task for which the documents were produced.		licensed data. Status: stable.
l4lod:Derivative	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: (...) translation, adaptation, arrangement and any other alteration	96/9/EC 5.1(b)	This class is used to express the permission to distribute derivative works from the licensed data. Status: stable.
l4lod:NoCommercial	<none>	<none>	The class is used to express the prohibition of commercial use of the licensed data. Status: stable.
l4lod:NoDerivative	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: (...) translation, adaptation, arrangement and any other alteration	96/9/EC 5.1(b)	The class is used to express the prohibition of producing derivative work of the licensed data. Status: stable.
l4lod:ShareAlike	In respect of the expression of the database which is protectable by copyright, the author of a database shall have the exclusive right to carry out or to authorize: (...) translation, adaptation, arrangement and any other alteration	96/9/EC 5.1(b)	This class is used to express the obligation of for the derivative works be licensed under the same terms of the licensed data. Status: stable.
lkif-core:Exception	Exceptions to restricted acts (...)	96/9/EC 6	An exception is something that is excluded from a general statement or does not follow a rule. In LKIF rules, an exception is a rule which has an exception relation to another rule (cf. Deliverable 1.1)
lkif-core:Legal_Document	<none>	<none>	<p>A legal entity is a natural person or a legal construct through which the law allows a group of natural persons to act as if it were a single composite individual for certain purposes. The most common purposes are lawsuits, property ownership, and contracts. Sometimes referred to as corporate personhood or legal personality, this concept allows for easy conduct of business by having ownership, lawsuits, and agreements under the name of the legal entity instead of the several names of the people making up the entity.</p> <p>A legal entity is not necessarily distinct from the natural persons of which it is composed. Most legal entities are simply amalgamations of the persons that make it up for convenience's sake. A legal entity that does have a separate existence from its</p>

			members is called a company or corporation. This distinction gives the corporation its unique perpetual succession privilege and is usually also the source of the limited liability of corporate members. Some other legal entities also enjoy limited liability of members, but not on account of separate existence (Source: Wikipedia.org)
lkif-core:Legal_Person	The author of a database shall be the natural person or group of natural persons who created the base or, where the legislation of the Member States so permits, the legal person designated as the rightholder by that legislation.	96/9/EC 4.1	A legal source is a source for legal statements, both norms and legal expressions. In a sense it is literally a 'source' of law
lkif-core:Legal_Source	<none>	<none>	A legal document is a document bearing norms or normative statements. By virtue of this definition the norm-as-propositional-attitude is reified as norm-as-proposition. In other words, the norm being expressed through the legal source is an expression of the propositional attitude.
lkif-core:Natural_Person	The author of a database shall be the natural person or group of natural persons who created the base or, where the legislation of the Member States so permits, the legal person designated as the rightholder by that legislation.	96/9/EC 4.1	A natural person is a human being perceptible through the senses and subject to physical laws, as opposed to an artificial person, i.e., an organization that the law treats for some purposes as if it were a person distinct from its members or owner.
lkif-core:Right	<none>	<none>	A right is the legal or moral entitlement to do or refrain from doing something or to obtain or refrain from obtaining an action, thing or recognition in civil society.
schema:Action	<none>	<none>	An action performed by a direct agent and indirect participants upon a direct object. Optionally happens at a location with the help of an inanimate instrument. The execution of the action may produce a result. Specific action sub-type documentation specifies the exact expectation of each argument/role.
schema:Author	The author of a database shall be the natural person or group of natural persons who created the base or, where the legislation of the Member States so permits, the legal person designated as the rightholder by that legislation.	96/9/EC 4.1	The author of this content or rating.
schema:CreativeWork	The expression “literary and artistic works” shall include every production in the literary, scientific and artistic domain, whatever may be the mode or	Berne Convention for the Protection of Literary and Artistic Works 2.1	The most generic kind of creative work, including books, movies, photographs, software programs, etc.

	form of its expression, such as books, pamphlets and other writings; lectures, addresses, sermons and other works of the same nature; dramatic or dramaticomusical works; choreographic works and entertainments in dumb show; musical compositions with or without words; cinematographic works to which are assimilated works expressed by a process analogous to cinematography; works of drawing, painting, architecture, sculpture, engraving and lithography; photographic works to which are assimilated works expressed by a process analogous to photography; works of applied art; illustrations, maps, plans, sketches and three-dimensional works relative to geography, topography, architecture or science.		
ti:TimeInterval	<none>	<none>	Any Region in a dimensional space that aims at representing time. It should be used when you want to talk about time as an object having some characteristics.
